

FUEL TANK SAFETY (CONTINUATION)

PROGRAMME REFERENCE:

FTSC

PROGRAMME PRE-REQUISITES:

Completion of FTS phase 2 training.

PROGRAMME SYNOPSIS:

This mandatory professional development training programme is designed to equip participants with a review of Fuel Tank Safety (FTS) issues and best practices. It is based on ED 2009/007/R and its associated IRs and AMCs.

(NB: Theory elements only).

KEY TOPICS:

-  Review of the concept & background of FTS
-  The need to remain proactive about FTS
-  Relevant regulatory updates & information
-  Best practices for mitigating FTS hazards
-  Lessons learnt from recent FT sys. events

BENEFITS OF ATTENDING:

By the end of the programme, participants will be able to:

1. Review the concept and background of FTS.
2. Review their specific role, as well as best practices for mitigating FTS hazards.
3. Outline relevant updates and discuss lessons learnt from recent fuel tank system related incidents and accidents.

PROGRAMME DURATION:

Up to 1 Day - 06 Training Hours
